

United States v. Jenkins

6:15-cv-0018

Northern District New York

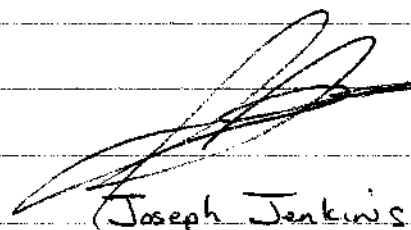

Notice of manual filing

Text Reply:

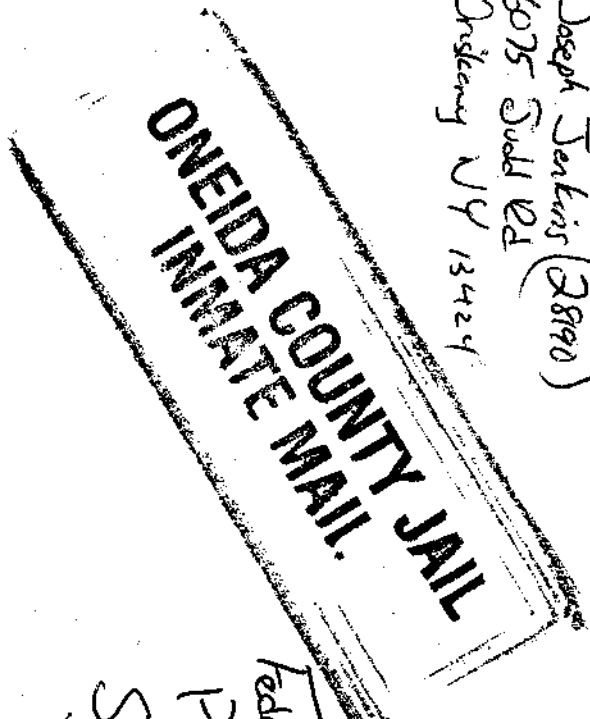

Defendant requested for reasons previously given (see #7) (Deeply corrupted district court proceedings) this issue be addressed by council in the second circuit. Injunction should include usurped Canadian Provincial Court proceeding (6V97N3). Defendant suspects bad faith motives in district court (sudden) interest in matter. Defendant withdraws as 'pro se' council in matter. Appellate council (14-4295) should be consulted. Defendant lacks patience for district court antics.
